

# Create a Family Password

A fun activity to help you build your family's secret code.

My Secret Family Password Is...

Password: \_\_\_\_\_

(Parents: help your child write or draw a password only your family knows. It could be a silly word, a made-up name, or a fun phrase!)

Or draw a symbol to represent it!

## Who Knows This Password?

Mom

Dad

Me

Grandma

Grandpa

Trusted Babysitter:

\_\_\_\_\_

Someone Else:

\_\_\_\_\_

## When Do We Use It?

- ☐ When someone new comes to pick me up
- ☐ If I get a strange call or message
- ☐ In a safety drill
- ☐ Other: \_\_\_\_\_

## Our Password Rules

- ☒ Only share it with trusted adults
- ☒ Never write it online or say it on a call
- ☒ Change it if someone else finds out
- ☒ Use your brain and your gut, both are smart

## Why Should We Keep It Private?

Draw or circle what happens if we share our password:

Stranger hears it

It gets used in the wrong way

Only used by people we trust
